

Quick Reference Formulary - WithMe Health Formulary

Below is a list of drugs covered on the WithMe Health Plus Formulary. This document is subject to change. Not all the drugs listed are covered by all prescription plans and not all prescription plans have adopted the suggested utilization management edits (i.e. PA, ST, QL). Check your benefit materials for the specific drugs covered and the copayments for your prescription plan. For specific questions about your coverage, please call the WithMe Health Guide Team at 1-866-840-1877.

Reading the Drug List

Generic drugs are listed in all lower case letters. Brand name drugs are listed in all upper case letters. Each drug product is assigned a coverage tier, shown to the right of each drug product.

Tier	Description	Relative Cost to Member
Tier 1	Formulary generics and some lower cost brand products	\$
Tier 2	Formulary, brand products and some higher cost generic products	\$\$
Tier 3	Non-preferred formulary products	\$\$\$

Cases where drug products are followed by parentheses indicate that the entry relates to a certain dosage form, e.g. ESTRACE (vaginal cream) or more than one form of the drug, e.g. ZOMIG (ZMT). Quantity limits are for prescriptions filled at retail pharmacies. Please consult the complete version of the formulary for mail order quantity limits.

All newly approved drugs on the market will initially NOT be covered, pending further review by the WithMe Health P&T Committee.
